Wilmington Trust Captive Insurance Management Services Professionals Receive Industry Designation

Wilmington, DE, May 12, 2010 – Wilmington Trust announced that two experienced captive insurance management professionals, Carla Fiske and Mindy Riddle, have recently completed the Associate in Captive Insurance (ACI) professional designation program.

The ACI designation is given by the International Center for Captive Insurance Education (ICCIE). The ICCIE program is designed to provide a captive insurance-specific educational program of study for industry professionals.

Ms. Fiske joined the Burlington, Vermont office of Wilmington Trust's captive management services organization in 2007 with more than 12 years of captive management experience. In her role as captive account manager, she provides management and oversight of a portfolio of captive clients domiciled in Vermont, Delaware, and South Carolina. Prior to joining Wilmington Trust, she provided accounting services for property and casualty captive insurance companies with Strategic Risk Solutions. Ms. Fiske holds a bachelor's degree in Accounting from Champlain College.

Ms. Riddle, vice president and director of Wilmington Trust SP Services (Nevada), Inc., performs professional administrative services for special purpose entities, including captive insurance companies, that are domiciled in Nevada. Prior to joining Wilmington Trust in 2002, she served as senior auditor at McGladrey & Pullen, LLP, where she specialized in working with financial institutions, particularly

community banks, and managed the audit process for clients in the real estate development, home building, nonprofit, and trust industries. Ms. Riddle holds both a master's degree and an undergraduate degree from Southern Utah University. She is a member of the American Institute of Certified Public Accountants and the Nevada Society of Certified Public Accountants. Ms. Riddle also serves as a member of the Board of Directors of the Nevada Captive Insurance Association.

“We are proud of both Carla and Mindy for completing the ACI designation program, which reflects our continued commitment to providing our clients with industry-leading client service capabilities,” said Patrick Theriault, managing director of Wilmington Trust Captive Insurance Management Services.

Wilmington Trust provides management services to captive insurance companies through its Corporate Client Services (CCS) business, which is a leading provider of institutional trustee, agency, and administrative services to corporations worldwide that seek to conduct business in advantageous jurisdictions throughout the United States, Europe, and the Caribbean.

Captive insurance companies are owned by the entities they insure and are usually formed by corporations that wish to better manage the cost and administration of their insurance coverage. Captive insurance companies require a variety of administrative services, including accounting and insurance regulatory reporting, as well as banking services including custody, investment management, and Regulation 114 trusts.

About Wilmington Trust
