### Performance shown represents past performance and cannot guarantee future results.

Current performance may be lower or higher than that shown. Investment return and principal value will fluctuate. Shares, when redeemed, may be worth more or less than their original cost. Total returns assume the reinvestment of all distributions at net asset value and the deduction of all expenses. Performance would have been lower if fees had not been waived in various periods. Performance data current to the most recent month-end is available at [www.wilmingtonfunds.com](http://www.wilmingtonfunds.com).

<sup>1</sup>The fund's advisor, distributor and shareholder services provider have agreed to waive their fees and/or reimburse expenses so that the total annual fund operating expenses paid by the fund's Preferred Institutional, Institutional, Select, Administrative and Service Class Shares will not exceed 0.16%, 0.25%, 0.32%, 0.60%, and 0.66%, respectively, not including the taxes or other extraordinary expenses. This waiver may be amended or withdrawn after August 31, 2025, or with the agreement of the fund's Board of Trustees. Please see the prospectus for more information on fees, expenses, and expense limitation arrangements, if any.
