2022 Federal Regular Income Tax Information

For federal income tax purposes, funds paid fully taxable short and long-term capital gains. Short-term capital gain distributions are fully taxable and are included in ordinary dividends.

Qualified Dividends

The Jobs and Growth Tax Relief Reconciliation Act of 2003 reduced the tax rate on "qualified dividend income" to 15% or 5% (depending on your tax bracket). The law defines "qualified dividend income" (QDI) as originating from stock in domestic corporations and certain foreign corporations that has been held for the requisite holding period. Income earned on bonds does not qualify for this reduced tax rate.

Please refer to Form 1040 Instructions related to Qualified Dividends, to determine eligibility for utilizing the qualified dividend amount.

Consult your tax advisor for more information.
