STRUCTURED FINANCE

Owner Trustee

TRANSACTIONS INVOLVING ASSET-BACKED SECURITIES (ABS) ARE COMPLEX AND INVOLVE MULTIPLE PARTIES EACH WITH MULTIPLE INTERESTS. As an owner trustee, we can help all parties realize their varying goals by performing many of the administrative services for the trust.

Positioned for your success

We are often considered the trustee of choice in ABS transactions because of our long experience with Delaware Statutory Trusts (DSTs). DSTs are more often the entity of choice for many types of structured finance transactions, including asset-backed securitizations.

Focused on services you need most

- Resident trustee for Delaware entities
- Administrative services
- Tax preparation and financial reporting
- Paying agent/certificate registrar
- Support for issuing securities in a wide range of jurisdictions, both domestic and offshore
- Provision of independent directors and officers

Experience guides everything we do

Wilmington Trust has been partnering with ABS issuers since the inception of the collateralized mortgage obligation market in the 1980s. The experience and low turnover of our staff add a depth of knowledge that stands out among financial institutions. Today, we are a recognized leader in this area, serving clients from around the country and around the world as a valuable partner.

Your structured finance transaction requires a high degree of trustee and administrative services to make your project a success.
